

Join us for an UDPREP

Thursday, June 16, 2011

12 noon

Oakton Community College, Golf Rd., 1 block east of River Road in Desplaines. Park in Lot A and follow the signs with our logo.

Bring your own brown bag lunch. Coffee, water and dessert are on us.

\$5/person (members free)

Topic: “Green Urban Retrofits”

Our guest speaker, Deana Dahooluk of Hey and Associates, will talk about the results of several urban retro-fit success stories and challenges. Introducing green practices in urban settings has its challenges, but ultimately will reduce flooding issues, improve storm water management, and reduce non-point source pollution. Deana’s presentation will be followed by a presentation and tour of the retro-fit practices at Oakton Community College led by Ken Schaefer.

Generously sponsored by a grant from the Grand Victoria Foundation.
